WELCOME TO CLARION UNIVERSITY of PA VENANGO CAMPUS

SUMMER TIME, Ah yes, the joys of summer. Vacations, swimming, picnics/ barbeques. Now all of our summer time escapades must now be put back in our pasts to be remembered with the rest of our memories. It is time for us to get back to work.

If we are returning to Venango Campus after a fun filled summer, we know the ropes here at school, we look forward to seeing friends and classmates again.

But if we are coming to the "Campus" for the first time, It can be like a whole new world. It matters little if you are a member of the High School graduating class of 2000, or if you have been out of school for more years than you care to think about. It can still be a very new and nerve racking experience. All of us have been where you are now. You may not know a soul here on campus, or may have a couple of friends coming back to school with you. What ever your situation , know that we all want to see you grow and expand your horizons.

College life is very demanding, But it can also be a lot of fun too!!!

All the faculty, staff, upperclassmen, and especially your mentors want to welcome you to Clarion University at Venango Campus. It is a new beginning, but with a new start also comes the headaches and the problems. We know you will have a multitude of questions. Who do you ask ? Where do you go? The best place to start is your Mentor. They know what its like to be the new kid on the block and if they don't have an answer for your question, they will find the answer for you.

The Mentors are on duty at the desk in Rhoades Center from 9 AM to 9 PM, Monday through Thursday.

So to all the new incoming Freshmen,
Welcome!!!!!

Your Mentor staff is as follows:
Jim Winger
Missi Spafford
Susan Cook
Ros Deets
Sam Martz II
Ken Copley

And to all the returning students
Welcome back!!!!

Welcome from the Venango Campus Student Senate

The Venango Campus Student Senate would like to Welcome all the new students and all the returning students to the 2000—2001 school year. The Student Senate will be electing four new Senators soon from the freshman class. Watch the "VOICE" and posters around campus for announcements.

EQ???

Do you know what your EQ is? The Career Center personal and faculty here the Venango Campus want to help you become more aware of the EQ skills you need to succeed. You are probably thinking...just what is EQ? Do I really need to have it? Maybe I had it, but lost it. Maybe it will arrive tomorrow in the mail. Maybe I have it, but choose not to use it...Stay tuned next week...more to follow.

WELCOME FROM THE CAREER CENTER!

Welcome to the 2000-2001 academic year! For some of you this will culminate your studies here at Venango Campus. It will be an exciting as well as a challenging time...looking back over our accomplishments and a time of wondering what is yet to be completed.

Career Services is one campus resource that can help you make the transition from campus to career. Don't just **FALL** into a career choice! Planning your career is just as important as attending classes regularly. Last year Career Services Staff assisted a few students who waited until the last few days of the spring semester to begin the job search and resume preparation. This year, take the initiative and visit the Career Center Office soon. Don't wait until a month before graduation to become concerned about your future; take advantage of our services now.

At the Career Center in Montgomery Hall, Room 228, resources and personnel are available to help you. We will work hard to provide you with information, guidance, support and opportunities for success.

Best wishes for success in the current academic year and for achieving your career goals. Remember, we are available for you....

Dear New and Returning Students,

Welcome back to Campus! Some of you returning from a long wonderful summer off, and some of you are just returning from new student orientation this past week. Whichever category you fit in to, I'm sure that your adrenalin is pumping as you think of coming back and all the changes that will be happening in your life! Here are some suggestions which I have for you as you begin this year:

!. Think of school as a full time job. Stay on campus. Use that time to interact with other students and faculty. Mentally chew on those things and discuss what you learned for the day.

2. Join one curricular area. Just try it, see how it goes!

3. Use the services, you paid for them! Our best students utilize everything available to them!

4. Talk to the important significant others in your life. Communicate to them clearly what you will need to adjust to this big change in your life.

5. Go easy on yourself! Sometimes we are our own worst enemy. You really will live through a bad grade on a test! Just analyze what you did wrong, and plan strategies to improve for the next time. Don't berate yourself, or think you're not smart enough. Think constant improvement and go for it! Good luck!!!!!

I am a designated cheerleader for all students on campus. SO if you need to chat, need advice, or just need encouragement, feel free to stop by my office;

219 Montgomery Hall.

Sincerely,
Dr. Barb Reagle
Director of Student Development,
Venango Campus.

LAUGHTER

Do not meddle in the affairs of dragons, because you are crunchy and taste good with barbeque sauce.

You are slower than a herd of turtles stampeding through peanut butter.

Never argue with an idiot. They drag you down to their level, then beat you with experience.

Eat one live toad the first thing in the morning and nothing worse will happen to you the rest of the day.

If it wasn't for the last minute, nothing would get done.

Following the rules will not get the job done.

I don't have an attitude problem, you have a perception problem.

I can only please one person per day. Today is not your day. Tomorrow is not looking good either.

Everybody is somebody else's weirdo.

On the keyboard of life, always keep one finger on the escape key.

PSYCHOLOGY CLUB

Just a reminder to everyone that the first official meeting of Psychology Club will be Tuesday, Sep. 5th at 1:45 in the 2nd floor lounge of Montgomery Hall. Meeting will be every Tuesday, unless we agree on a more mutually agreeable time. New members are always welcome to join anytime. This week we will be getting to know new members. We will also be discussing ideas for events for the fall semester you would like to see or do, this is the time to bring it up. Psychology Club is a great way to meet other students, make networking connections, and explore leadership skills while having a good time. Come check us out.

See you Tuesdays!

Suddenly Single

Are you a woman experiencing a recent divorce or separation? If you are, you are not alone. A divorce or separation can bring out feelings of loss, anger, and abandonment that most people have never had to experience. You may even feel totally helpless in situations where you never before questioned your competency. You may just have questions about the day to day duties that are now a part of your life, such as checking the oil in your car, making sure there is gas for the lawn mower or fixing that leaky faucet.

The Crisis Center, a division of Family Services & Children's Aide Society, is forming a Support Group to help newly divorced or separated women deal with there and other issues. We are calling it Suddenly Single and plan to meet weekly, starting September 21st, This is a chance to get together with other women in a similar situation to share concerns, explore feelings, discuss legal questions, and maybe even learn hot to fix that leaky faucet!

If you are interested in participating, please call the Crisis Center Hotline at 677-7273, for more information. All services provided by The Crisis Center are free of charge.

The Crisis Center offers counseling/advocacy services to abuse victims on campus

Are you being hurt or intimidated by someone you love? If you are, it's called abuse and no one deserves to be abused. Living in an abusive situation can make a person feel isolated and alone. Sometimes, just having someone to talk to can make all the difference in the world. The Crisis Center offers counseling, legal advocacy, a 24-hour hotline and emergency shelter. You don't have to feel alone any more. The Crisis Center has a Counselor/Advocate on campus. Wednesdays, 12:00-1:00, in Montgomery Hall, room #243. You don't need an appointment, just drop by. Or call 677-7273 or 1-8000-243-4944, anytime. Were here to help. All services provided by The Crisis Center are free of charge.

What is your EQ???

Or what do employers look for in an employee??

EQ is your....Employability Quotient

or, the professional skills you need to develop as a future or current employee.

Several years ago, the faculty and staff at Venango Campus hosted several information-gathering seminars involving local businesses. The result of these meetings was an increased awareness of what makes YOU; the student more employable and what skills, in addition to a good education, employers look for in new employees.

As a result of this effort, the EQ program was developed to help you become more aware of the skills you will need to cultivate in order to be successful in your employment.

The five skills identified were:

- ⇒ **Presentation of Self** **(September 5-22)**
- ⇒ **Teamwork** **(September 25-October 6)**
- ⇒ **Computer Skills** **(October 9-21)**
- ⇒ **Written and Oral Communication** **(October 23-November 10)**
- ⇒ **Active Learning** **(November 13-December 1)**

During this FALL 2000 semester, let's all make a special effort to develop or enhance all the skills necessary to increase our employability. You will see posters and flyers throughout the campus during the above listed times as a reminder. There is a variety of resources in the Career Center to help you improve each of these skills.

Also, when a faculty member addresses or displays a characteristic of one of these issues in class, drop by the Career Center (MH 230) or the student bookstore and complete an information/evaluation form for your instructor. Two free lunches will be awarded to a faculty member with the best strategy for their classroom participation in the EQ program.

A Sad Farewell
Jessica R. Schmader

It isn't often that we cross paths with someone special. But when we do, we will carry a part of them with us for the rest of our lives. To those of us who have been attending school here at Venango Campus for a year or more, We have been blessed by a very special person. But sadly, now we must bid a sad farewell to Jessica Schmader, who died in an auto accident Friday, September 8, 2000

To some of us Jessica was a smiling face and a wave across the parking lot. To others she was a very special freind. Which ever, she will be missed by all her friends and aquaintenances on campus. In memory of Jessica, there are donation boxes in the office in Frame Hall, the Bookstore in Rhoades Hall, and in Suhr Library. The money will be donated in her name to the Venango County Humane Society. The collection boxes will remain out until October 9, 2000.

We all shall miss you Jessica.

In memory of
Jessica R. Schmader

No sooner came, but gone,
and fall'n asleep,
Acquaintance short, yet parting caused us weep
Three flowers, two scarcely blown, the last i' th' bud
Crop by the Almighty's hand;
yet is He good.
With dreadful awe before Him lets be mute.
Such was His will, but why, lets not dispute,
With humble hearts and mouths put in the dust.
Lets say He's merciful as well as just.
He will return and make up all our losses,
And smile again after our bitter crosses.
Go pretty [lady], go rest with sisters twain;
Among the blest in endless joys remain.

Welcome Back Luau

The Welcome Back Luau of Fall 2000 now goes into the history books of Venango Campus and into our memories. Every one had a smashing good time, Even some of our children got up to karaoke and dance.

As the party goers left one by one and two by two, the work was continuing for the sponsors of the Luau. C.A.B. Members should be commended for a job well done. They had a long day and night last thursday, and deserve a well earned rest. But they will be hard at it with the coming of the new week and the next Campus Activities Board function. Watch for the signs and an anouncement in the VOICE for High Tea.

How to Present A Professional Image

Wednesday, Sept. 20 from 11:30-1:30
in
RHOADES CENTER

The way you dress, talk, and act can change the way others see you... and the way you see yourself. Be honest: Does your appearance tell people, "Here's someone who knows where she's going"? Do your voice, your attitude, your handshake project authority and confidence? Or do you wish you came across as at ease... stronger... surer of yourself and your abilities? The good news is, you can change your image and shape it to say exactly what you want it to say about you. Creating a truly professional image doesn't just mean making a good first impression. It means projecting personal power that gets noticed, gets respect and gets remembered. This video will show you how.

Parking Regs

During peak class times, the parking here on campus can be something of a headache. If you choose to park in the grass, you may have your vehicle towed away.
Student Senate President Sam Martz said Clarion U. plans on expanding the upper Parking Lot, along with building a second entrance to the middle lot.
As for when this expansion will be, they aren't sure. So please try to park in a legal parking space, and save yourself the cost of towing and recovering your vehicle. You can park on West First St.

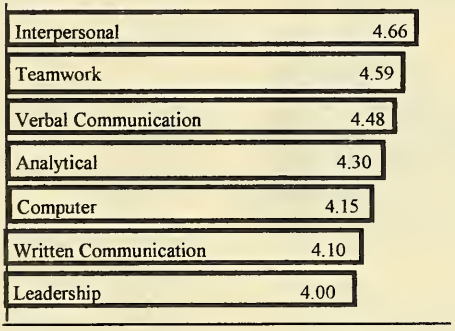
TEAMWORK
(EQ SKILL #2)
September 25 to October 6

No matter what qualifications you possess, no matter how stellar your GPA, there are some skills that can make or break your candidacy.

The charts below show how employers ranked specific and personal characteristics (notice the overlap). Increasingly in today's work place, employees work together to complete projects successfully. Many of the skills and characteristics listed here relate to how employees work, indicating the importance employers place on work style.

Your ability to demonstrate to an employer that these qualities and skills is just as important as actually possessing them. In some cases, you'll be able to point to specific activities or course work. You'll want to make use of such information on your resume and in the interview. And remember, the interview is a showcase of your interpersonal and oral communication skills, so be prepared!



Top 10 Personal Characteristics Employers Seek in job Candidates

1. Communication skills
2. Work experience
3. Motivation/Initiation
4. Teamwork skills
5. Leadership Abilities
6. GPA/Academic Credentials
7. Technical Skills
8. Interpersonal skills

Little Timmy

Little Timmy was in the garden filling in a hole when his neighbor peered over the fence. Interested in what the cheeky-faced youngster was up to, he politely asked.
"What are you up to there, Tim?" "My goldfish died," replied Timmy tearfully, "and I've just buried him." The neighbor was concerned. "That's an awfully big hole for a goldfish, isn't it?" Little Timmy patted down the last heap of earth then replied, "That's because he's inside your cat."

"Stress Management Tips"

Take care of yourself:
Pamper yourself. Treat yourself to time alone, a message, or a quiet book. Get plenty of rest/sleep, eat right and exercise. Don't smoke and limit alcohol intake. Engage in a hobby, craft or activity that you find enjoyable and fulfilling.

Keep a thought journal :
Writing your feelings in a journal or on paper can help you get things off your chest. This type of journal is not meant to be a personal history, but rather an expression of your inner feelings.

E.Q. Skill # 3

Computer Skills

Computers, the Internet, e-mail: Technology is a fact of life for the average college student. More and more colleges require students to have a computer. The computer skills you use to do fairly simple things, including writing your paper with a word processing program of search the Internet for information, are valuable to potential employers. Be sure to include them on your resume.
Employers say that it isn't the specific word processing program or e-mail programs that will get you a job and help you move up in your career. According to a survey by Cornell University librarian Philip Davis, employers value the concepts you have mastered in using software programs and your ability to adapt to technology as it changes.

AS I WALK ON THIS EARTHLY GROUND..
I'VE TAKEN FOR GRANTED THE THINGS I'VE FOUND.
A STAR LIT NIGHT WITH MY LOVE BY MY SIDE..
A GENTLE HUG FOR THE CHILD THAT CRIED..
THE FRIENDS I'VE MADE ALONG THE WAY..
THE LORDS PATH FOR ME HE MADE..
OF ALL THE BIG THINGS AND THE SMALL..
I'VE TAKEN LIFE FOR GRANTED..I HEAR A CALL..
AS I LAY HERE IN MY BED..
I THINK OF ALL THESE THINGS IN MY HEAD..
I SAY A LITTLE PRAYER TO THEE OH LORD..
THAT I MAY ALWAYS CHERRISH THESE THINGS..
MY LOVES, MY FRIENDS, MY MEMORIES..
NOW AND FOREVER MORE..
FOR WHEN I DIE..I KNOW WHERE I'LL BE..
I'LL BE IN HEAVEN..KEEPING WATCH OVER THEE..
WE HAVE NOT SAID GOODBYE FOREVER MORE..
ONLY UNTIL YOU KNOCK ON HEAVENS DOOR...

Three sons left home, went out on their own and prospered. Getting back
together, they discussed the gifts they were able to give their elderly mother.

The first said, "I built a big house for our mother." The second said, "I sent her a Mercedes with a driver." The third smiled and said, "I've got you both beat. You remember how mom enjoyed reading the Bible? And you know she can't see very well.

So I sent her a remarkable parrot that recites the entire Bible. It took elders in the church twelve years to teach him. He's one of a kind. Mama just has to name the chapter and verse, and the parrot recites it.

Soon thereafter, mom sent out her letters of thanks: "Milton," she wrote one son, "the house you built is so huge. The sad fact is that I live in only one room, but I still have to clean the whole house." "Gerald," she wrote to another, " you know I am too old to travel. I must stay most of the time at home, so I rarely use the Mercedes. And the driver is so rude at times."

"Dearest Donald," she wrote to her third son, "you have the good sense to know what your mother really likes. The chicken was delicious.

PSYCHOBIOLOGY LECTURE

Psychology Club is proud to present Dr. Vilberg, from Clarion's Psychology Department, who will be visiting Venango Campus on Tuesday for a lecture on Psychobiology. In this lecture, he will discuss how the brain takes a physical stimulus and interprets it into a sensory perception. He will also be dissecting a brain (not as gross as it sounds!) as a visual aid to increase understanding of how it all fits together. This lecture might be of particular interest to students in :

Anatomy and Physiology
Biology
Nursing
Rehab

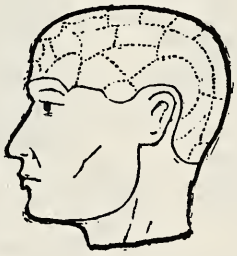
General Psychology



He is a dynamic and interesting speaker who is well worth a little of your time. Professors are asked to announce this lecture in your classes if you think your students might benefit from this speaker.

Two Angels were traveling one dark, cold winter evening. The snow was blowing and growing deeper and deeper as they walked. In through the darkness, they saw a light and a grand stone house. They knocked on the door and a man answered. The Angels asked to stay the night to keep out of the snow. He told them that could sleep on the basement floor. This man would not allow them to sleep in the spare bedroom because he was greedy. He only saw these Angels as two poor travelers.

The two Angels slept in the basement, shivering all night on the basement floor. When they awoke, the first Angel saw a little whole in the wall and repaired. The second Angel asked, "why did you do that?" The first Angel replied, "things aren't always what they seem." They left this greedy man's house and continued traveling.

Once again, the night had turned to a blistering chill and the Angels needed to sleep. They came upon a little old, thatched cottage. The Angels knocked on the door and an older couple answered. They were invited in and the Angels explained what they wanted: just somewhere out of the winter's night to sleep. The old couple not only gave up their only bed, but shared the small ration of food they had with the Angel's.

The next morning, everyone woke up and found the old couple's only cow for milk dead. The second Angel became very angry. She said to the first Angel, "how could you let that happen? You fixed the greedy man's wall and let these kind people's only cow die." The first Angel said, "things aren't always what they seem." This angered the second Angel even more. She said, "why do you keep saying things aren't always what they seem?" The first Angel said, "I saw gold in the hole at the greedy man's house, so I covered it before he could find it. Then, last night the Angel of Death came to take this kind man's wife, so I gave him their cow instead. See, things aren't always what they seem."

When life has brought you down or you just don't understand why things happen like they do, remember that
THINGS AREN'T ALWAYS WHAT THEY SEEM.

Dear Clarion Domestic Violence Survivors,

I am seeking survivors of Domestic Violence who are willing to allow me to interview them as part of a research project for my Psychology of Women class. In particular, I would like to interview women who have left and stayed out of an abusive relationship for at least three years.

Anyone willing to share her story with me can be assured I will keep all personal and identifying information strictly confidential.
If you are willing to share your experiences with me, please call me at home in the evenings at 814-437-1627, email me at bj_reed@hotmail.com, or see me on campus on Tuesdays. I am very interested in listening to whatever you want to share with me.

Thanks,
Bonnie Reed

SCHOLARSHIPS

Do you have a friend who might want to try a college course or two, but money is a problem? We have a few scholarships for second semester for FTIC, that's "first Time In College", scholarships. Applications are available for our admissions office, but hurry, because the deadline is November 20.

So, you are in school now and would like to apply for a scholarship. The bad news is that we can only consider first time in college students for the scholarships mentioned above, and you are in school now, so you aren't eligible. The good news is that we will have over 80 scholarships for the next school year, 2001-2002 that is. No hurry to look for an application, because the deadline to apply is February 16, 2001. Anyone can apply for these.

There will be another application period next summer for a few 2001-2002 scholarships. But that application period is only for new or returning students. So, if you are a student here during the spring semester 2001, you are not eligible for applying during the summer. Don't miss the February 16 deadline!

In summary:

November 20, 2000 applications due for "first time in college" scholarships

February 16, 2001 applications due for current students and some new students for the 2001-2002 year

August 3, 2001 applications due from students not enrolled during the spring semester 2001 for the 2001-2002 year.

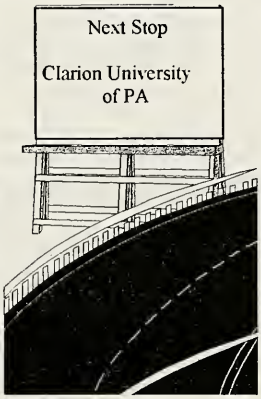
Goin' to Main Next Semester?

Aren't quite sure where to get your books?
Do you know where to park?
Any idea where your classes are?



If you answered no to any of these questions. maybe you would like to take a tour of the place first. Psychology Club will be hosting a tour of Main Campus and the Psychology Department's new Harvey Hall. We will be carpooling down on November 17th. If you want to join us, please sign up on Dr. Forden's door (306 MH). Psych majors are strongly encouraged to take this opportunity to meet the faculty in the Psych Department, but all students are welcome to come.

Be Santa's Helper!

At the meeting of the clubs last month, we discussed possible projects for the students to do for Christmas. Psychology Club would like to adopt a family through Community Services in Oil City. By adopting a family, we will be provided with a list of the needs and wants of a local family in need of our help. We can then try to fill their list of items like toys for the kids and food for the holiday meal. We would like to invite all of the clubs who expressed an interest as well as any individual who would like to share this project to join us for an organizational meeting on **Friday, November 7th at 12:45 in Rhoades**.

We will have a list describing our family by then.

We need help in advertising, collecting, wrapping, and help planning a Christmas party at the conclusion of the project.

Please give a little of your time to help make Christmas magical for some local kids who really want to believe in Santa.

For more information on how you or your club can help, contact Bonnie Reed at 437-1627 or bj_reed@hotmail.

ANSWERING MACHINES

Actual Answering Machine Messages Recorded and Verified By The World Famous International Institute of Answering Machine Messages:

10. My wife and I can't come to the phone right now, but if you'll leave your name and number, we'll get back to you as soon as we're finished.

9. Hello, you are talking to a machine. I am capable of receiving messages. My owners do not need siding, windows or a hot tub, and their carpets are clean. They give to charity at the office and don't need their picture taken. If you're still with me, leave your name and home phone number and they will get back to you.

8. This is not an answering machine - this is a telepathic thought-recording device. After the tone, think about your name, your number, and your reason for calling.... and I'll think about returning your call.

7. Hi! John's answering machine is broken. This is his refrigerator. Please speak very slowly, and I'll stick your message to myself with oneof these magnets.

6. Hi. This is John: If you are the phone company, I already sent the money. If you are my parents, please send money. If you are my bank, you didn't lend me enough money. If you are my friends, you owe me money. If you are a female, don't worry, I have LOTS of money.

5. A is for academics, B is for beer. One of those reasons is why we're not here. So, leave a message.

4. Hello! If you leave a message, I'll call you soon. If you leave a "sexy" message, I'll call sooner.

3. Hi. Now YOU say something.

2. Hi. I'm probably home, I'm just avoiding someone I don't like. Leave me a message, and if I don't call back, it's you.

And the Number 1 Actual Answering Machine Message Recorded and Verified by The World Famous International Institute of Answering Machine Messages.

1. Hello, you've reached Jim and Sonya. We can't pick up the phone right now, because we're doing something we really enjoy. Sonya likes doing it up and down, and I like doing it left to right... real slowly. So leave a message, and when we're done brushing our teeth, we'll call you back.

VENANGO CAMPUS GREAT AMERICAN SMOKEOUT

November 16, 2000 is the 24th Annual Great American Smokeout. Students are encouraged to make a special effort on this day to put down their cigarettes, cigars, and chewing tobacco because of their potential to cause cancer.

Sign up sheets will be available in Rhoades Center, Career Center, Student Services and your classrooms. You may sign up to stop smoking for one day in honor or memory of someone. Candy and suckers are available on campus to use instead of smoking.

"More than 80 percent of current adult smokers started before they were 18 years old and 274,000 children in Pennsylvania alone will die from tobacco use," according to representatives from the American Cancer Society.

To each of our smokers here on campus, we appreciate your efforts to at least try to stop smoking for the day. We know this is tough challenge for you.

Little Johnny watched, fascinated, as his mother gently rubbed cold cream on her face.

"Why are you rubbing cold cream on you face, Mommy?" he asked.

"To make myself beautiful," said his mother.

A few minutes later, she began removing the cream with tissue.

"What's the matter?" asked Little Johnny. "Giving up?"

We're Back

The Venango VOICE is proud to be back with our new and improved version. We have worked out some of our problems and we will continue to work the "Voice" into a paper we can all be proud of.

Through out our down time I kept hearing kind words of encouragement from the students. For this I thank you. The Venango VOICE has always been a paper by "Clarion University/Venango Campus Students", and will continue to be by/for "Clarion University/Venango Campus Students".

All students are encouraged to "VOICE" their opinion and write them for the benefit of other students. If you have a story or article you would like to see in print, please submit it and we will give serious consideration to printing it. If you have any suggestions for the "Voice" please submit them as well.

The Venango VOICE deadline is now as follows: All large articles, ads, or stories over a quarter (1/4) of a page will have a deadline at 1 pm on Friday, ten (10) days prior to distribution of the Venango VOICE. This includes smaller advertisements and articles that require us to look up clip art. All small articles under (1/4) page may be submitted as late as 1 pm Monday seven (7) days prior to distribution of the Venango VOICE. You may request clip art at this time, but looking for it will be at our discretion. Submissions may also be E-mailed to ken@csonline.net

In the past we have made exceptions to the deadline, But this practice can no longer be part of the "VOICE" operating procedure. This was part of our problem. I as Editor of the Venango VOICE apologize, but we can no longer accept submissions after the deadline. "No Exceptions"; this is a Student Senate addressed issue and rule.

The "VOICE" will have one more edition for finals week; after that we will be taking a break until classes start again in January. If anyone has any submissions for the first edition of the VOICE in the spring semester, please e-mail them to me at ken@csonline.net before the deadline (10) ten days before the first day of class.
So to all, a very Merry Holiday Season !!!!!!
Hope we see you in January

SO CLOSE, YET SO FAR AWAY

So close, yet so far away, really miss you when you're gone.
One world of a chessboard with one little pawn beneath
an evil burning sun.
Every emotion I feel will run remembering what could have been.
Trying to help my poor heart mend.
Can't imagine life without you, lonely, injured, and dreaming of you.
All I want is talk over tea.
Realizing, to my heart, you hold the key.
Even when you're close at hand, never close to you I can stand.
Couldn't talk to you if I tried.
Even at a glance, I cannot abide.
Give me a memento of our distant acquaintance.
Remembering the few times, for instance as we shyly glanced and spoke.
How I wanted to say more but my throat did choke all the words.
I should have shared memories of the ways I cared.

Campus Activities Board

I have had the pleasure of accompanying you on several recent CAB sponsored events; Cedar Point, Fright Fest, and the Circus at Mellon. All three trips were reasonably priced, well organized and LOTS OF FUN for myself and my family.

Hats off to those of you who organized these trips. Events like this help make Venango Campus a better place to work and attend classes.

Thank you,

Campus Caring Tree

The Student Services Department of Venango Campus would like to invite you to join us in the spirit of giving this holiday season. The Student Services Department will be coordinating a "Campus Caring Tree" to help make this holiday season a little brighter for some of our students. Students, Faculty, and Staff members are invited to submit names and telephone numbers of any financially needy student or any student's family to Kay King. Kay is located in Room 236 Montgomery Hall or ext 1283. These names should be submitted as soon as possible and all names submitted will be kept strictly confidential. Kay will then contact these families and determine their eligibility.

Any student, faculty or staff member who would like to contribute either $$$$ or gifts can give their generous donations to Kay King.

Questions should be directed to Student Services room 222 Montgomery Hall Ext 1271.

Help us "Trim our Tree" with your generous contributions.

Winter

Winter is a time of snowmen and getting one good shot with a snowball at your brother. Winter is flying down the slopes with wind and snow biting into your face. Winter is seeing the soft, flashing, glow of multi colored Christmas lights shining through the soft, gently, falling flakes.
